About Me

Looking for a challenging position in a reputable organisation so that I can use my skills and capabilities with sincere dedication and smart working for the successful of my career and the organisation.

As a full stack developer, I'm proficient in both front-end and back-end technologies, with a keen interest in creating seamless and user-friendly applications.

Projects

The Mirage Lounge - website 🔗 2023

A website of a pub called The Mirage. It is developed using HTML and CSS. It is user-friendly and attractive.

Demo Portfolio website 🔗 2023

A demo portfolio website that is developed to get experience in HTML and CSS.

Facial Expression Detection Application 2012 - 2015

In our project, the process of emotion detection of the user is done with the help of facial images that are captured through the live webcam feed. Happy, sad, angry, fear, surprised, disgust, and neutral are the seven basic emotions common to humans, and they are identified by the various expressions of the face as depicted.

Declaration

I hereby declare that all the above information is true to best of my knowledge.

Alvin Varghese
